January has seen an increase in burglaries; these are mostly happening the hours of daylight and have been committed by smashing windows to rear of properties. Please be vigilant when seeing people in your area and if you believe they are being suspicious then please phone 101. Assaults and public orders have increased too from December to January; these are all assaults on people who know one and other. There have been some good results across the border in Leicester Forest East whereby four suspects were arrested following a recent burglary. It was a great response from Braunstone staff and the helicopter to locate the suspects. All four are on bail pending further investigation.

As you are all aware Peter Chapman has now left to another job in control room, we all wish him the best in his new role.
