Proactive Patrols

The beat team have been targeting vehicle crime around the M1 J21 Services, Leicester Forest East and Kirby Muxloe supported by the Special Police Constables and assisted by response officers. In January over 50 vehicles were checked with over 10 vehicles and/or individuals being stopped and searched. This led to 2 arrests for drugs offences and possession of offensive weapons. These proactive patrols form part of wider operations which are ongoing. Information from members of the public is crucial in helping us to attend incidents as they happen and after any incident as it helps us build a picture of vehicles involved and descriptions of potential suspects. If you see anything suspicious, please let us know so that we can deal with incidents and use the intelligence to direct our patrols where they are most needed.

Glenfield Beat Office

We are pleased to be able to thank Glenfield Parish Council who have kindly provided the Police with an office within the new building on Ellis Park. This will primarily be used by your local beat team, however, unlike the previous facility, all officers have access to this office. The office will allow the Police as a whole to respond to nearby incidents faster and be more present in the village dealing with issues that affect the local residents. It won't be open at regular hours but if you are passing and want to see if we're in, just ring the bell on the door and come and have a chat.

Community Consultation

School Parents Evenings

Look out for your beat team in the coming months at Fossebrook, Stafford Leys and Kirby Muxloe Primary Schools. We'll be there to hear any concerns you have around the Parish's.

Upcoming Beat Surgery's

Your beat team will be available to speak to about any local concerns on February 18th in the car park near Tesco Express on Dominion Road between 20:00 and 21:00 hours.

Also, on March 4th between 12:00 and 13:00 hours we will be outside the COOP at Braunstone Crossroads.

Mini Motorbikes around Dorset Avenue

We haven't had any further reports in recent weeks and we are lead to believe those that were riding them around have now been relocated by social housing hopefully preventing further regular issues.

Intelligence received

From speaking with you at various meetings and information received via other methods, we have been receiving information which is enabling us to obtain a warrant for an address. We will update you next month with the result.

Crime Prevention

Vehicle crime is unfortunately a constant blight in our communities. Unfortunately a large percentage of vehicle crime occurs because opportunists are being given an easy time by members of the public not locking their vehicles.

Here are a few further tips to consider when thinking about vehicle security:

- Leave it on show expect it to go. Always remove valuables from your vehicle
- Remove Satnavs including cradles and their sucker marks
- Don't leave tools in vans overnight
- If you have a garage use it
- If you have a catalytic convertor then consider a metal cage or getting it etched
- Register any vehicle equipment (CD players etc) with www.immobilise.com
