In your community...

The beat team were in the beat bus at the COOP in LFE and outside K&K off licence in July for local residents to come and meet a member of their beat and speak about any local issues.

You can find us in August too:

- 08/08/18, 1930-2130, Main Street, Kirby Muxloe outside One Stop
- 23/08/18, 1100-1300, Dominion Road, Glenfield, near Tesco

Police Sergeant Ian Burton (pictured) has joined the beat team. He brings with him 18 years of policing experience and is looking forward to working with our partner agencies to tackle the issues causing the harm to the community.

Anti-Social Behaviour (ASB)...

During July we have received several noise complaints associated with neighbour problems across the three Parish's. If you have a noise complaint then Blaby District Council's Environment Department is the appropriate agency to report the issue to as it is the Council with the powers to deal with the issue.

We have also had reports of cannabis being smoked in people's rear gardens. If this affects you, you can contact crimestoppers anonymously or email your beat team who will submit intelligence on the information supplied with a view to obtaining a warrant to search the premises. You will need to report it every time it happens for us to build up enough evidence to get a warrant.

With the nice weather we've been having we have had calls reporting youths causing issues. If you have a similar issue, before reporting it consider... are they just playing? If they are doing something anti-social however, please call us and report it via T:101

Crime Prevention...

Whether you are securing your bike at home or locking it up at another location, remember that bicycles are highly desirable for an opportunistic criminal. Don't let your bike be an easy target for them and take precautions to save yourself from losing your property.

- Register your bike on a national database such as www.immobilise.com so it can be easily identified
- Mark the frame with your postcode in two separate locations, one of which should be hidden
- Download and fill in a bike passport from leics.police.uk/bikes and keep it in a safe place
- Lock up your bike through the frame and both wheels or at least the back wheel
- Remove detachable accessories, including quick release saddles
