

Issue: August 2024

PC 4258 Dave Gilbody, PS 1830 Mark Spence, PCSO 6009 Jack Darby

You said:

We have listened to you and the concerns you raised and prioritised the following:

Priority 1: Road Safety

You said: Road Safety issues was an issue on your area.

What we are going to do: We will be utilizing beat surgeries to educate motorists and issue traffic offence reports and section 59 anti-social behaviour notices to motorists drivers committing offences or using their vehicles in an anti-social manner.

Priority 2: Anti Social Behaviour

You said: Anti-social behaviour was an issue on your area.

What we are going to do: We will patrol areas which are hotspots for anti-social behaviour and positively engage with youth where possible. We will also be utilizing our anti-social behaviour incremental approach to deal with individuals who commit anti-social behaviour offences.

Priority 3: Burglaries

You said: Burglaries was an issue on your area.

What we are going to do: We will be conducting high visibility patrols in the areas to act as a visible deterrent to those who want to commit burglaries on our area. We will also be offering crime prevention advice to members of the public and handing out burglary prevention packs to victims.

We did:

In relation to road safety: I have been conducting enquiries recently in relation to an incident of anti-social behaviour whereby a male on a motorcross bike was driving in a dangerous manner in the Glenfield area.

In relation to anti-social behaviour: I have been investigating a number of ASB incidents over the last month involving youths causing issues in the area causing a nuisance to residents. I am currently investigating incidents of begging in the Leicester Forest East area, enquiries of which are ongoing at this time.

In relation to burglaries: I have been working with my colleagues aiding them in the investigation of burglary offences that have occurred across the area.

Good News:

I recently had a good result in relation to an incident of anti-social behaviour I was investigating whereby a youth was causing a nuisance to a member of the public in the Kirby Muxloe Area. This person was identified and has been dealt with via our anti-social behaviour incremental approach.

Are you worried about having your car stolen?

There are many measures that can be put in place to help protect your car such as the following:

- Ensure you lock your car when you are away from it.
- Installing a tracking device in your vehicle. Some car insurers will offer a discount on your car insurance if you have a tracking device installed.
- Utilize a steering wheel lock to help prevent your steering when from being turned even if the thieves have the keys to start your car.
- Install bollards at the end of your driveway to prevent cars on your driveway being driven off.
- Leave your vehicle parked in a well lit area covered by CCTV which will mean it will be more likely there will be witnesses if your car is stolen.
- Utilize wheel clamps to clamp 1 or more wheels of your vehicle immobilizing it from being moved.
- Park your car in a locked garage to keep your vehicle out of sight.
- If your car has keyless entry ensure you leave your keys in a faraday pouch when not being used so the signal from the key cannot be duplicated.
