Burglary OTD	1	5	2
Bike Theft	2	0	0
Robbery	0	1	0
Total	14	12	8

Total recorded crime = 112

Positives from this month.

During October we saw a reduction in Theft From Motor vehicles which is a great positive step however this type of crime is still the main offence being committed in our area and the beat team are still active in trying to tackle this.

October also sees Diwali and Halloween being celebrated by many, and although this is historically a busy time for police, it seems that both festivities have passed with little effect on reported crime.

Operation Tiger saw increased patrols across our beat focusing on high visibility foot/ vehicle patrols to tackle burglary and vehicle crime. This operation will continue to run into November.

Members of the beat team attended Kirby Muxloe Primary School and were trained in using the Defibrillator. Residents of Kirby Muxloe will also be invited to volunteer for training on this equipment which should be available to use over the coming months. This is following the purchase of two units with a third planned. The units are currently awaiting installment which it is hoped will be completed by the end of the year.

The beat team met with pupils at Kirby Muxloe Primary School, showing them around a police response vehicle and the large carrier van which got a positive response from the children. The beat teams are more than happy to make visits or do talks with youth/children in schools or groups around the beat. If this is of interest you please contact the beat team via the Leicestershire Police Website to arrange.

Emerging Crime Trends

Kirby Muxloe has seen an increase in Burglary Dwelling over October, with the method with which offenders are gaining entry to people's houses being smashing rear/side doors. It is suspected that offenders are using the railway line parallel to Hinckley Road down into Kirby Muxloe as a means of travel as it provides a covert route. We urge residents to be extra vigilant whilst out and about and call in any suspicious incidents. The beat team in conjunction with other police resources is conducting additional proactive patrols in Kirby Muxloe in response to this increase.

ASB

Only 16 Anti- Social Behavior incidents were reported in October that is almost 50% less compared with the previous month. This is a great result especially with Diwali and Halloween celebrations.

Areas of note continue to be Spider Park and parking issues have been reported on Warren Lane (which has been referred to the County Council who are in consultation in the area) Leicester Forest East and Stamford Street, Glenfield.

Op Antidote which targets Antisocial Behaviour continues to run, and the beat team, over the next months will be looking at working in conjunction with the council to tackle the current reported issues to try and get them resolved.

Warrants Executed

None

Beat Initiatives

We continue to work towards our three Problem Solving Plans (PSP) which is to reduce burglary and Theft from Motor Vehicles in Glenfield. In addition to tackling Anti-Social Behavior on the David Wilson Estate, Leicester Forest East.

Operation Antidote which is our Anti-Social Behavior operation continues to patrol our appointed risk areas. Operation Tiger is also going to be running to target burglaries and car crime.

Street Surgery

The next beat surgery will be on Monday 24th November on Faire Road, Glenfield between 6pm – 8pm.
